Arbor Information Updates

Dear Parents, Carers and Guardians

We are now using Arbor to organise school meals, trips, and keep all student data up to date. Please take a moment to check and update your child/ren's profiles to ensure all personal information is accurate. Please follow [this link](#) to login to Arbor.

This includes vital medical details such as allergies, asthma and diabetes. Keeping this information current is crucial, as we rely on it to keep your child safe while at school.

Please note for children with asthma we should have a copy at reception of their asthma plan, issued by the health centre, to detail what to do in an emergency or if their condition deteriorates during the school day. Similarly for children carrying epi-pens the medical plan must be shared with school.

Thank you for your cooperation in keeping your child's information up to date. When any information is changed we are notified automatically through our school system.

Yours faithfully

Mrs Emily Banfield
Assistant Head: Achievement & Standards

All aboard! Navigating together
